Life Skills Program

K/6S will be participating in a shopping excursion to Woolworths (Miranda Westfield), every Wednesday, in Semester 1, to complement a cooking program we are conducting.

We will talk about how to act appropriately in the community as well as purchasing items and talking about the use of money.

We will also have the opportunity to play at the climbing tower, if time allows.

The cost of the program: \$40 (cash preferred, as it is used for our purchases at Woolworths)

This money will cover costs of all food items needed for our various food creations during these cooking lessons.
