Stage 3 BYOD – Loaning School Devices

Dear Parents/Carers,

At Miranda Public School, we implement a BYOD – Bring Your Own Device Policy for Stage 3 students, which was communicated in Term 1. We understand that due to COVID-19 a number of families are no longer in the position to update personal devices. In knowing this, we have adjusted our usual term costing of loan devices to a one off semester payment to hopefully make this technology more accessible for our Stage 3 students.

If your child does not have access to a personal device to use at school we offer a \$50.00 fee for a semester (Term 3 and 4) loan of school devices (\$2.50 per week for 2 terms) where students can be assigned a personal device to use at school. The cost covers maintenance of school devices to ensure they are in adequate working condition and have the correct software installed.

If your child does not have their own device or does not already loan a device, they can access our 3-6 communal devices however, they will not guaranteed to have access for every technology based lesson as these devices are shared amongst classes.

If you would like your child to loan a device for Semester 2 at school please fill in the form below and return it to the office before Friday 7th August (Term 3 Week 3).

If you have any questions regarding loaning school devices please discuss this with your child's teacher. If you wish to discuss payment options please ring the office to speak to Mrs Williams.

Kind Regards,
